### Exceptional Staff

Summer Friends is staffed by professional educators and experienced specialists who teach at MPFS or other area schools. Most have worked with us for many years. They excel in crafting an environment that fosters creativity, communication, enthusiasm, and exploration.

### Outstanding Facilities

Summer Friends takes place on the campus of Media-Providence Friends School, which has been providing an engaging academic program in a caring atmosphere for nearly 140 years. Campers enjoy air conditioned facilities, including a library, art and music studios, performance space, a fully equipped gym, and playground.

### COVID-19 Precautions

This summer, counselors, staff, and campers will observe COVID-19 precautions to assure that everyone has a safe and fun summer. These safety measures will include reduced class sizes, wearing face masks, daily temperature checks, frequent hand washing and sanitizing of surfaces, and social distancing while indoors.

## CAMP PROGRAM

Summer Friends at MPFS is set to return for the 2021 season! Summer Friends provides children ages 3-10 (preschool - entering fifth grade) with an opportunity to participate in weekly thematic units taught by experienced counselors and certified elementary teachers. Weekly themes may include Nature Week, Magic Week, Sports Week, and Drama Week. Children enjoy the freedom of summer in a welcoming, safe, and relaxed environment. Enriching on-site programs are complemented by field trips\* to museums, zoos, and other local venues. Learn more about our programming below.

The campers at Summer Friends are free to explore, play, and express themselves in the safe and nurturing environment found year-round at Media-Providence Friends School. COVID-19 precautions will be in place and group size will be limited. Smaller groups allow for meaningful interaction with teachers as well as other children of similar ages and all activities are tailored for campers' developmental and physical levels. The children at Summer Friends participate in a wide variety of experiences that help them shape their vision of the people and the world around them.

Onsite programs are complemented by special weekly presentations and occasional field trips\* to nature centers, zoos, parks, and other local events. Twice weekly, campers participate in instructional and recreational swimming\* at Knowlton Swim Club with certified water safety instructors.

**\*Please note:** field trips will be assessed on a case-by-case basis given current COVID-19 restrictions.
